

GOLF PRACTICE

An ideal chance to hone your skills in the comfort of indoors using the Foresight GC Quad Launch Monitor & Simulator Practice Range!

Just like you would on the practice ground outside, you can hit balls with any club to various targets. If you would like a warm up before you tee off then this session is perfect. 15 minutes on the simulator practice ground trying out different ball flights..... fade, draw, low punch etc. You can then step onto the 1st tee fully warmed up and raring to go!!

Ideal to book before teeing off without the hassle of picking up golf balls or if you just fancied going to the range.
